The Tissot UCI Track Nation's Cup was formed in 2021 as a part of the International governing body's vision to increase the exposure of the sport of Track Cycling across the globe.

Limited to only three events globally, it is an exclusive opportunity for the world's best track cycling athletes to gain all-important world ranking points for qualification into World Championships and the Olympic Games.

The Tissot UCI Track Nations Cup in Milton, Ontario will be the *only* North American stop on the 2024 calendar. It will be hosted in-house by the team at Cycling Canada at the Mattamy National Cycling Centre – a legacy venue of the 2015 Pan American Games. Since its grand opening in 2014, the world-renowned Mattamy National Cycling Centre has played host to high calibre international events on an annual basis, including a Tissot UCI Track Nations Cup in 2022 and 2023, three years of UCI Track Cycling World Cups (2018, 2019 & 2020), and the coveted UCI Para-cycling Track World Championships in 2020.

Join us as we welcome the world to our backyard!

INSPIRING A GENERATION

The Nation's Cup has the power to **inspire**.

A major pillar in Cycling Canada's new 10-year strategic plan, event hosting will build excitement within the Canadian cycling community – excitement that will encourage more Canadians to cycle, and maybe even become World Champions in their own right...

"We will produce and facilitate **EVENTS** that get Canadians genuinely excited about our sport; this will engage our community and stimulate new interest while supporting development pathways for our athletes, coaches and officials."
- Cycling Canada 2020-2030 Strategic Plan
